, LIVENGOOD David

Attached please find the timeline of significant events that DEQ has put together regarding the Lockheed Martin RCRA landfill.

If, as you review it, you notice anything missing that you have documentation of that we have not included, please share that with us. I think it is most important at this time to agree on the events that occurred at the site. I will be sending along responses to your June and December letters later in the month.

Lissa Druback
